

CAST IRON BOILERS

TRIO® BOILER OPTIONAL COMPONENTS

PurePro® Energy Manager Plus II

Part #707600

The PurePro® Energy Manager Plus II integrates a 5 zone relay board, boiler aquastat, low water cutoff, and boiler reset which complies with the September 2012 standards. This all-in-one, simple to use control comes completely pre-wired.

The PurePro® Energy Manager Plus II features the Honeywell AQ25042B multiple zone control and the Hydrolevel 3250 HydroStat®. The HydroStat 3250 uses Thermal Targeting™ to match the heat load and boiler water temperature. To further enhance fuel efficiency, the fuel smart HydroStat is also equipped with a thermal pre-purge feature. When activated, the control will purge standing heat in the boiler at the start of any thermostat call, supplying the free latent energy to the heating zone that is calling.

The control can be mounted on the top or the side of the boiler, or remotely mounted on the wall when used with the optional remote sensor. This allows you to make any boiler ready for plug and play operation with significant energy savings.

Boiler Mount

PurePro® Series Indirect Water Heaters

- PurePro® offers a complete line of indirect-fired water heaters to complement any boiler
- Ask about the Plug 'n Go and Plug 'n Go PLUS, the only pre-piped, pre-wired, packaged indirect water heaters in the industry!
- Available in 41 and 80 gallon models
- Plug 'n Go Plus is designed specifically for use with the PurePro® Energy Manager Plus control, with plug and play features that make installation a snap.

Boiler Base

Part #707700

- Fits P3, P4, P5 only
- Leveling legs

System Circulator Package*

Part #707630

- For zone valve operation or primary/secondary piping
- Taco 007, includes flanges
- 9' long whip with Quick Connect feature

*For use with TRIO Energy Manager Plus II

3+1 EZ Zone Pack

Part #707640

Boiler Header System with 3 pre-installed zone valve bodies, 3 shutoff valves with purge, and an additional high flow port connection for an Indirect water heater.

Kit Includes:

- 3 ¾" NPT Zone Valves 24 Volt 4 Wire
- 3 Full Port Ball Valves w/Hose Drain
- 2 Steel Headers 1¼ 3 Zone 3" x 6"
- 2 Uni-Flange Ball Valve Isolators
- 2 1¼" Pipe Caps
- 2 1¼" x 1" tees
- 2 1¼" x 6" Nipples

5+1 EZ Zone Pack

Part #707650

Boiler Header System with 5 pre-installed zone valve bodies, 5 shutoff valves with purge, and an additional high flow port connection for an Indirect water heater.

Kit Includes:

- 5 ¾" NPT Zone Valves 24 Volt 4 Wire
- 5 Full Port Ball Valves w/Hose Drain
- 2 Steel Headers 1¼ 5 Zone 5" x 6"
- 2 Uni-Flange Ball Valve Isolators
- 2 1¼" Pipe Caps
- 2 1¼" x 1" tees
- 2 1¼" x 6" Nipples
